AWARD WINNERS -- Henry Siebman, District Director for Texas Power & Light Company, presents $100. cash - award presented to the Gause community for winning in the Community Improvement Program. Gause entered the contest in August 1961 and is the third Milam community to receive an award Davilla and Griffin Chapel have won the award in previous years.

103

Gause Wins First For Improvements

Thirty - five Negro families in the Gause Community have demonstrated that community planning, organization and cooperation can pay big dividends.

Gause entered the Community Improvement Program in August of 1961. D. S. Smith Sr. who is Principal of the Tidwell Elementary School, expressed interest for his community to be enlisted in the Program after learning of the results and dividends being received by the Griffin Chapel and Davilla communities. These two communities entered the contest in previous years and both placed high.

To develop interest among the families, many of whom were already cooperating with the County Extension Program, visits were made to other participating communities by the community leaders. Planning meetings were held and the program and activities for participation were explained by the County Agents. At the organizational meeting, D. S. Smith, Jr., a part - time farmer and industrial worker was elected as president, Mrs. Alma Gray, vice president, Mrs. Onnie Moss, secretary and Mrs. Mary Hemphill, treasurer. Organized committees included: Program, Cleanup, Public Relations, Recreational, Farm & Home Development and 4-H Club.

As a result of interest shown and the work accomplished, the organization conducted: a general cleanup campaign, built a drive-way to their church, landscaped church grounds, planted shade trees in the community, in cooperation with the Extension branch of the Texas Forestry Service; held a community fair, at which livestock, crops, foods and clothing were exhibited and judged; conducted recreation programs for 4-H and Adult groups, participated more actively in church functions, secured information about social security benefits, insurance, medical care for the aged, land - use planning, securing loans, recordkeeping and money-management.

Periodical training meetings were conducted by the Extension Agents, specialists and other resource personnel.

New homes were purchased by five families, improvements were made on twelve existing houses, five families installed running water and bath room facilities, more active participation was given in 4-H Club work, with additional projects being started.

According to Smith, the program has stimulated the entire community, and families are generally making better use of their income. The climax of this year's program was the winning of first place over forty - two other communities in the southern Extension district. For this achievement the community was awarded a cash prize of $100.

Community Improvement Pro - grams are sponsored by the Electric Utility Companies of Texas, in cooperation with the Texas Extension Service. Reagan Brown, Extension Rural Sociologist, coordinates the entire State Program.

By FML

"ABSTRACT ART -- Into an exhibition of abstract art came a farm woman accompanied by her obviously reluctant husband. While she gazed at the exhibited works, he stood around uneasy and bored. Suddenly his expression changed, and he walked enthusiastically toward a painting.

"He looked at it, bent his head to the left, then to the right, finally all but stood on his head; then went to the desk and said:

"'I want to buy that.'

"About that time his wife appeared, and asked what in the world had caused him to make such a purchase.

"'Best darned picture of the farm situation I ever saw. No matter how you look at it, it just don't make sense.'"

--The Pocketbook

103 - 103 - 103

The Herald would be the only newspaper in Texas if it didn't have something to report or say about the Billie Sol Estes extravaganza.

He was as near as nearby Franklin last week testifying before that Robertson Grand Jury which was dismissed without conclusive evidence concerning the Bryan agriculturist's death in June, 1961.

Perhaps the preceding joke made us think of Agriculture. If it hadn't Billie Sol, good ol' hypocrite that he is, certainly did.

He somehow maneuvered through the maze of the USDA. But everybody knows his story. Biggest laugh of all was the roar of his creditors when Billie Sol volunteered to pay back his $20 million deficit by borrowing more.

One can't help but wonder why some Agriculture spokesmen wished to minimize the impact of the Estes Empire. Even Secretary of Agriculture Freeman has reconsidered.

The whole thing has become very political with the GOP looking for a campaign issue in November. But it is much more than palitical It is the most complicated story of financial maneuvering since Teapot Dome.

Estes was quoted early in the gigantic expose of his operations to the effect: "It'll take years to figure this thing out."

And he pretty much sums up the plight of agriculture: Farmers' having to leave the farm while two - thirds of the world's people go hungry. One might say: "The reward of farm success is constriction here, and continued starvation abroad."

WEATHER NOTES

Rainfall totaled .25 for the past week. Temperatures were:

Funeral Rites Friday For Mrs. Kostroun

Funeral services for Mrs. Joe Kostroun Sr., who died June 13 at her home at Marak community were held Friday at Sts. Cyril and Methodius Church in Marak at 9 a. m. with Rev. Rafael Gerskovich officiating.

Mrs Kostroun was born May 19, 1883 in Czechoslovakia and had lived in Marak community for the past 57 years.

Rosary was recited at Marek-Burns 7:30 p. m. Wednesday. Burial was in Sts. Cyrial and Methedius cemetery in Marak.

Survivors are: three sons, Joe Kostroun, Jr., Jerry Kostroun, and Bohumil Kostroun all of Marak community; two daughters, Mrs. Fred Lazek, Jr., Cameron and Miss Mary Ann Kostroun of Marak; 14 grandchildren and four great-grandchildren.

Pallbearers were: Lawrence Kostroun, Phillip Kostroun, Billy Kostroun, Jerry Kostroun, Jr., Freddie Lazek and Thomas Kostroun, all grandsons of Mrs. Kostroun.

City Continues 'Share Cost' Plan

The City Council Tuesday retained the same payment policy on hot mix paving projects and scheduled several paving projects.

Left standing was the policy of the city's paying one - third of paving cost and doing base work and property owners paying two-thirds of paving costs.

Officials emphasized that all curbing and guttering is being done at the property owner's expense. General practice shows that the City strongly encourages property owners to curb and gutter when new paving is put down.

A double-penetration paving project for North Jefferson between W. Fourth and W. Sixth Sts. was approved for completion. It will pave the street on the east side of Newton Memorial Hospital, budgeted two years ago.

And a paving project on E. 20th St. between North Davis and North Jackson has begun, Public Works Supt. J. B. Earle said.

Councilmen also approved a 40-foot width for proposed paving on E. Seventh St. from Fannin to Jackson.

And in 1963, double - penetration paving will be completed on the north side of Newton Hospital on W. Sixth St.

Other businesses included sale of the old city garbage truck to Mike Barbas, of Cameron.

Rites Held For Mrs. Turner, 85

Mrs. Bertha Turner of Austin died at her home Saturday. She had lived in Austin nine years.

She was born March 12, 1857 in Tennessee. Services were held Monday at Marek Burns Funeral Home with Rev. Harvey H. Washington of St. John Church, Austin and Rev. James Stanley of Maysfield officiating. She was a member of the Methodist Church.

Surviving are sons, Lester W. Turner of Cameron, Bert R. Turner of Brady, Reese M. Turner, Austin, Thos. L. Turner of Austin, Arvin B. Turner, of Angelton, Jonah Hugh Turner of Fort Wayne, Ind.; two daughters, Mrs. R. R. Cosby of Shertz and Mrs. H. V. McClish of Austin; one brother, Lewis Watson of Lubbock and one sister, Mrs Mary Edwards of Lamesa.

Other survivors are 21 grandchildren and 32 great - grandchildren.

Pallbearers were: Ted Kuehl, Starret Hickman, Roy Barmore, Vaughn Thweatt, Eddy Gaines of Austin and Howard Urbantke of Austin.

Services Held For John McDermott

Services for John I. McDermott were held Thursday at Marek-Burns Funeral Home with Rev. H. M. Bowley and Rev. Kenneth Haley officiating. Burial was in Marlow cemetery.

McDermott was born Jan. 12, 1884 at Marlow community and died June 13 at his home at 706 S. College at 6 a. m. of a heart attack at the age of 78.

Survivors are his wife, Mrs. John McDermott; two sons, Bill McDermott of Winnie, and Robert McDermott of Bellville; two daughters, Mrs. Kathleen Graddy of Beaumont and Mrs. Myrl Drawe of Boerne; two brothers, G. A. McDermott of Cameron and Charlie McDermott of Dallas; two sisters, Mrs. A. W. Bickett and Mrs. Winnie Wittliff of Cameron, and 14 grandchildren.

Also surviving are stepsons Denson Tindall of League City, Ray Tindall of Sterling City, Luther Tindall of Cameron, Priestly Tindall of Rockdale, Melvin Tindall of Cameron and Edward Tindall of Abilene; four stepdaughters, Mrs. Lessie Edmondson, Cameron; Mrs. Alma Allison, Cameron; Mrs. Myrtice Robinson, Franklin; Mrs. Bonnell Donaldson, Ben Arnold and Mrs. Kathleen Lewis of Cameron.

Pallbearers were Make McDermott, Erskine McDermott, Nathan Lewis, Carl Black, J. D. Smalley and Vaughn Jenness.

Funeral Services For Dr. Morris

Funeral services for Dr. C. H. Morris were held Friday at 10 a. m. at First Christian Church with Rev. Kenneth Haley and Dr. W. W. Jones of San Antonio officiating. Burial was in Hillcrest Cemetery in Dallas.

Dr. Morris was born in Nova Scotia November 30, 1877 and died June 13 at St. Edwards Hospital at the age of 84. He was a retired Christian Church pastor and had served this church several times.

He is survived by two sisters, Mrs. Georgia Lodge, Hollywood, Calif. and Mrs. C. H. Heather, Winnieg, Canada.

Pallbearers were: B. L. Archer, Frank Reid, Buddy Fuller, W. G. Harsha and Dr. W. W. Ward of San Antonio.

Quarterbackers Set Meet Friday

The Cameron Quarterback Club will meet 7:30 p. m. Friday at Yoe Agriculture Building.

All former, present and prospective members are urged to attend the meeting to get acquainted with the new head coach, John Roberts.

Two Retire, Four Resign

8th - Grade Ball Resumed

The Cameron School Board last Thursday accepted several resignations and reinstated eighth-grade contact football.

Supt. Charles Zeigler also reported that School Board members officially accepted the four - classroom addition at O. J. Thomas School Taursday night. Final cost was $25,955, the Superintendent said, less than a $30,000 preliminary cost estimate.

The Board employed: Raymond R. Stevens, assistant coach and science teacher last year, as new principal of Ada Henderson School, succeeding Arley Attaway, who has resigned.

And Viola Wied as secretary to the Superintedent, succeeding Mrs. James Price, who resigned.

RESIGNATIONS

Other resignations included: Mrs. Nina Wilkerson, school tax assessor - collector, and Miss Lena Yoe, deputy assessor - collector. Both officials retired under the teacher retirement program, officials said.

Mrs. Don Edmonds, sixth-grade language arts teacher; Jimmy Rettig, assistant coach; and Mrs. Mildred Barr, first - grade teacher.

Rettig is moving to Freer as an assistant coach.

And resigning from O. J. Thomas was Will Turner, Jr., custodian.

The Board voted to reinstate eighth grade contact football and authorized a competitive schedule for the youngsters this fall. A year ago, the Cameron Board stirred state - wide interest with a decision to ban contact football for both seventh and eighth grade here, substituting a limited touch-type program.

Seventh grade contact football is still banned under the new ruling.

WIDE INTEREST

In a widely reviewed decision, School board members last year based their contact ban on statistics and recommendations in a State team physicians report and a proposal for banning junior high football in Austin schools.

Supt. Zeigler said the Board's ruling would help the football program. The action was first mentioned in the May school board meeting for study prior to action this month, Zeigler said.

Of eight faculty positions now open, three are for coaches and five for teachers, Zeigler said.

R C Drive Nears Goal Of $3,100

The North Milam Red Cross drive was heading for its $3,100 goal at full tilt following a week of concentrated co - operation throughout Cameron and North Milam.

A total of $2,473.66 was reported by Milam Red Cross Chairman H. D. Maxwell at noon Wednesday. It was $1,000.60 a week before.

But three drives continued in the rural communities and one in Cameron with prospects to clear the goal very likely, one official said.

The Cameron house - to - house drive brought in $585.94, well over the $500 goal. A drive by the Negro Welfare Council was expected to bring in an additional $200.

CAMERON DRIVE

Cameron business donations totaled $1,269.60 of a $1,350 goal. But drive workers were continuing to bring in contributions which would top the downtown mark.

And rural communities thus far had brought in $618.12. Significant show of support for the blood program and other Red Cross services was that four communities exceeded their goals. Baileyville brought in an average of about $5 per family and Jones Prairie brought in $37.50 when they had not been assigned a goal.

Community - by community contributions were:

Ben Arnold, $79.40; Branchville, $107.95; Burlington, $46.75; Baileyville, $39; Jones Prairie, $37.50; Maysfield, $125.36; Marak, $51; and Salem, $131.16.

Drives were continuing in Buckholts, Clarkson, Ad Hall, among others.

"Our response has been enthusiastic and at times almost overwhelming," Maxwell said of the North Milam crash drive. "People are showing how much they appreciate the blood program particularly."

The Red Cross thermometer got periodic updatings throughout the weekend as money poured in from Cameron areas and North Milam communities. Volunteer contributions of $5 and $10 were numerous.

Mrs. Walter Lester, drive treasurer, reported that numerous donations came from people who had not been contacted directly.

JULY 1. DEADLINE

The drive officially ended last Friday, but work was continuing to bring in all contributions to reach the goal this week. A July 1 deadline was given by Red Cross officials to save the blood program.

Last year both Cameron hospitals used 363 pints of blood while Cameron area donors gave about 180.

Cards of recognition were going to all workers and community leaders in the North Milam and County area, Maxwell said. Leaders of the Delphian, Three Arts, Fleur-de-lis, St. Monica's Women's Clubs and Lions and Rotary Clubs deserved appreciation for their efforts, he said, as well as some 40 workers in a dozen North Milam communities.

Dansby To Speak At Installation Of Lions Officers

Roland Dansby, Bryan Lions and Civic leader, will be the main speaker at a Cameron Lions installation outing at Caperton's Lake Monday evening.

The evening will begin with a fish fry 7:15 p. m. Monday. All Lions and their wives are urged to attend.

New officers, yet unannounced, will be officially installed prior to Dansby's talk.

Lions Club officials from area cities have been invited to attend.

Nabours Purchases Caperton Variety

Paul Nabours, of Cameron, has purchased Caperton's Variety Store, 107 W. Main St.

He said the variety store will operate as a franchised Ben Franklin 5 cent - 10 cent Store.

Nabours said the store will be completely remodeled, starting about July 1. Construction work on a new front and interior fixtures is expected to completed about August 1.

Nabours has about five years experience with the C. G. Morrison Co., of Alpine and G. F. Wacker Stores in Odessa, Texas, and Carlsbad, N. M.

YOUTH INJURED IN HORSE ACCIDENT

Chris Gay received cuts and bruises on the left arm and hand and a bruised left heel when he was thrown off a horse on the Mann Farm on the Milano highway Wednesday morning. He and Robert Mann were trying to break the young colt.

FOUR ENTRIES SIGN FOR 2ND QUEEN CONTEST

July 5 and 6 and 7 are dates to remember.

They are three - day schedule of Cameron's compacted Western Week, five in four years to be held to three days.

Queen's contestants have begun signing up, Mrs. Barbara Smitherman, C of C secretary - manager announced this week.

Contestants thus far for the second Western Week Queen's Contest the morning of July 7 are:

Miss Virginia Cummings, 16, daughter of Mr. and Mrs. Clarence Cummings, of 301 E. Main St. Sponsor is Duke & Ayres of Cameron.

Miss Billie Burke, 17, daughter of Charlie Burke, 1901 North Fannin. Sponsor is Cameron Rotary Club.

OTHER ENTRIES

Buddy Shipp, chairman of the queen's contest, said that two other entries have already been assured by the Business & Professional Women's Club and the Cameron Lions Club, but contestants have not yet been named.

Shipp urged all entrants to file by the deadline, July 1. Last year, eight entries vied for the first Western Week crown, which was won by Miss Warda Kirk of Cameron.

Scheduling of other events continues for an action - packed three days of Western Week action.

Included are a twist contest, a mystery cowboy and cowgirl contest, Pete, the Tramp (a magic-clown act), buggy rides for children, traditional Western Week shoot - 'em-up skits, the Horse Show parade, giving away a Shetland pony, a street dance, a talent show, Western ballad singing among others.

Bill Tolson, chairman of the trade development committee, invited everyone to get in the spirit of Western Week.

NO BEARDS HERE

There is no beard contest this year though several have sprung up. Rockdale's "Frontier Days" had a beard growing contest earlier this month. Their events attracted record crowds of visitors Rockdale sources said.

The traditional Cameron Horse Show will be July 7 for gaited competition and July 14 for quarterhorse contests.

School Seeks Bids On Old Buildings

The Cameron School District is calling for bids for sale of the old GI building in the 300 block of N. College Ave., next to Cameron Park.

Bid will include clearing the lot except the concrete slab under the east wing. Sealed bids will be accepted by the superintendent until 5 p. m. July 2. They will be opened at a called meeting of the Board 7:30 p. m. July 2. Right is reserved to reject any and all bids officials said.

Houstonites Visit In Kruse's Home

Dr. Margaret Carter of Houston and son Tommy and son Don of A. & M. College were weekend guests of Dr. and Mrs. A. E. Kruse. Portia Kruse who makes her home with the Carters is vacationing on St. Thomas Island of the Virgin Island group.

Dr. and Mrs. Kruse also have as their guests three of their grandsons, Will and Matt Jackson of Anahuac and Clay Kruse of Bryan.

CYO To Sponsor Dance Here Friday

The Cameron CYO will sponsor a dance Friday 8:30 to 11:30 p. m. at the Simon - George Hall.

Music will be by the Bel - Airs from Temple.

Admission will be 75 cents for boys and 50 cents for girls.

DRIVER EDUCATION -- Ray Stevens, driver's education instructor at Yoe High School's summer program, accepts the keys to a special student drivers' car. They are presented by E. J. Burkes, of Burkes - Howard Chevrolet Co. Looking on are the YHS students in the summer training course. About 25 students are enrolled. Other summer classes are being conducted at YHS and Yoe Campus schools.

County Agents Notes...

Top-Dressing For Bermuda

By J. D. Moore
Milam County Agent

In answer to questions regarding the relative loss of nitrogen as a result of using the above forms of nitrogen to top - dress bermuda grass, John Box, Extension Agronomist, gives the following comparison: "When properly applied and under favorable conditions, there should be no real difference between ammonium sulphate and ammonium nitrate as far as losses are concerned. In fact, we have data to show that where these two materials are used properly the loss incurred from topdressing is less than one percent.

However, there are certain conditions under which losses from either of these materials could be higher than this. To cite an example, if a torrential rain followed close behind a top dressing application and if there was considerable run off from the land, then you would probably experience a greater loss from ammonium nitrate than from ammonium sulphate. On the other hand, if these materials are once dissolved and enter the soil, then I rather doubt that there would be a great deal of loss from either of the materials.

Since all of the nitrogen in the ammonium sulphate is in the ammonium form, it will naturally be held by the soil against leaching to a greater extent than will ammonium nitrate in which 50 per cent of the nitrogen is in the nitrate form. On the other hand, since ammonium nitrate does contain 50 per cent of its nitrate form, many times sod crops will respond to an application of ammonium nitrate more quickly than they will ti some other form of nitrogen which sometimes causes the farmer to feel that there has been a loss of some kind in the area where only the ammonium form of nitrogen has been used."

—

MILDEW IN MELONS

No watermelon diseases have been reported but the continued high moisture conditions could develop Downy Mildew as well as other diseases. College Plant Pathologist recommend alternate applications of Zineb and Maneb sprays.

Spray applications should be made before the disease strikes. Use 2 pounds of Zineb (75 per cent wettable powder) or Maneb (75 per cent wettable powder) per 100 gallons of water. Apply 75 to 150 gallons per acre at a minimum of 250 pounds of pressure. Additional sprays may be necessary if showers and high humidity continue.

$5,000 Fire and Extended Coverage on your household Goods in City in your Brick Veneer Home for $8.13 per year. Call GEORGE CHILDRESS INSURANCE, Oxford 7-2112.

EI&E

By Ernest K. Shaw
Extension Agent

COMMUNITY IMPROVEMENT

In order to make continued and further progress in your community efforts during 1962 - 63, it is suggested that you begin now in preparing two sets of goals Family goals, Community goals, make definite plans for carrying out these goals and evaluate past performance.

Assistance in planning, organizing and evaluating is available through the local office.

Communities participating in Improvement programs are judged on family participation, general appearance of the community, rural-urban relations, increasing and managing family income, improving health conditions and services, improving the farm and home, and encouraging social participation.

More than 100 families have profited directly by participating in the Community Improvement Program and other communities can join upon request.

PROTECT WOOD WITH PAINT

A good paint job on the exterior woodwork of your home improves the appearance and protects it from the weather. Bill Smith, extension forester, says a good coat of paint can greatly increase the service life of wood used above ground.

Two or more common types of paint are the pigmented oil type and the water - base coating. The water - base type, for use outdoors, is a fairly recent development. It is designed to have increased moisture permeability, and when applied over special oil type primer it will give good protection to wood.

A successful paint job depends on the purchase of a good grade of paint and careful adherance to the manufacturer's instructions, points out Smith. Preparation of the paint surface, mixing, prime coat application and method of application are steps that require attention.

When painting new wood, the best wood protection and longest paint life is obtained by applying three coats, says Smith. This would call for one prime coat and two finish coats. For previously painted surfaces which are in good conditiin, a single application may be sufficient.

SCREWWORM CONTROL

Texas stockmen were asked this week to redouble their efforts in preventing and treating screwworm cases as an aid to the overall control program. Extension Entomogist R. L. Ridgway points out that periodic spraying of livestock every two or three weeks with Co - Ral or ronnel can prevent many screwworm cases. Every screwworm case which is prevented or controlled by chemical treatment, he says, can be a big help in the success of the overall Screwworm Eradication Program.

$5,000 Fire and Extended Coverage on your Frame Home in City for $16.66 per year. GEORGE CHILDRESS INSURANCE, OXford 7-2112.

COTTON REPORT

The recent rains improved crop prospects. Spot cotton prices advanced. Trading in the spot markets was limited. Shipper buying was slower. Domestic interest was slow.

Recurring thunder showers to heavy rains fell in a large part of the area. Soil moisture is unusually favorable for this time of the season in most sections. Some parts of Plains areas still need a good general rain. The Valley crop continues to make normal progress. Irrigation continued on a large scale. The dryland sections needed moisture. Plants are well fruited generally. Insect and worm infestations were on the increase. Where regular control schedules had not been followed some serious damage was reported. The Coastal Bend area responded to the recent rains with warm, dry weather this week. Field work made rapid progress. Plants were growing and setting a good crop of fruit. The southern part of Nueces County received only light rains and prospects in this area are only fair. Control measures were holding insect and worm infestations down. In south central, central, North and East Texas crop prospects are very good. Plants were squaring and beginning to bloom. Some fields were still too wet to cultivate. In the Abilene area private estimates indicated 50 per cent of the crop was planted and in good condition. The other 50 per cent was damaged by rains and hail or not planted. Most all of the dryland sections of the Lubbock area received adequate moisture for planting. The Irrigated crop is growing well. Th ehail damage was scattered but extreme in some localities.

Prices for Middling 1" cotton advanced from 75 cents to $1.25 per bale in the market this week, quoted Thursday, June 14, at 34.00 cents in Dallas and Galveston, 33.90 cents in Houston and 33.25 cents in Lubbock. Trading in most markets was limited by the light offerings of qualities in best demand. Shipper interest was strongest for Strict Low Middling and higher White and Middling and above in the Light Spotted and Spotted grades of good character. Supplies are dwindling. Offerings were light and in firm hands. Loan equity movement increased in some markets with prices quoted from $1.00 to $3.00 per bale. Domestic mills were not too active.

Milam ASCS Report

Turkey growers who are eligible to vote in the nationwide referendum on the proposed turkey marketing order are reminded that they should cast their ballots right away. According to Alva E. Sanders, County Office Manager of the Milam County Agricultural Stabilization and Conservation Service, the time for voting is from June 18 through the 22nd, and the place for voting is at the ASCS County Office.

Growers eligible to vote are "producer - growers" who produced and marketed more than 36 hundred pounds liveweight of turkeys in 1961, and "contract-producers" who had a risk - of - loss contract in 1961 on turkeys produced by a "producer-grower."

If you, as an eligible turkey producer, favor -- or if you oppose-market supply - management measures when needed to help obtain fair prices for your turkey crop, then you should not fail to cast your ballot. The outcome will be decided by the producers who vote.

County Ag Man Named Director

Stockholders of the Bryan Production Credit Association re-elected Ted Ford of Rosebud to the board of directors at their 28th annual meeting of the agricultural credit organization held Saturday at Allen Academy's Jesse Jones Hall.

More than 500 stockholders and guests from across the association's six county area attended the meeting and barbecue luncheon.

Ford, who has an agricultural operation in Milam County, was elected to his second three - year term to the board of directors. Other candidates for the position were Hugo H. Linke of Rockdale and C. G. McDougald of Iola in Grimes County.

FOOD FACTORY??

The dairy cow is the world's greatest food factory. She produces on the average from an acre of crops: 2,190 pounds of milk which contains 72 pounds of digestible protein and 712 units (therms) of energy.

SEVIN®
INSECTICIDE
draws the line against weevils and worms!

SEVIN is a registered trade mark of Union Carbide Corporation.

Boll weevils used to be the undisputed No. 1 insect enemy of cotton growers. But bollworms are now just as destructive in many cotton fields.

SEVIN insecticide controls boll weevils and bollworms, and a score or more of other insect pests of cotton. And even where boll weevils have developed resistance to other insecticides, SEVIN stops them. Just *sock 'em with SEVIN* to destroy weevils and worms!

You get other important benefits with SEVIN. It is long-lasting, so you get consistent kill of insects with a minimum number of applications. SEVIN combines readily with emulsifiable concentrates if needed for mite and aphid control. SEVIN retains its power through extreme heat and bright sunlight. You don't have to worry about not spraying or dusting every third day when you use SEVIN for better insect control. And SEVIN does not delay maturity of cotton, so you can aim for big, early harvests.

SEVIN is safer to humans than many other insecticides. Spray men don't need special protective clothing, and workers can go back into the fields soon after application of SEVIN. Just follow normal precautions.

Spray drift problems are minimized with SEVIN. When you follow label directions for use, SEVIN residues are no problem on forage, fruit, field or vegetable crops grown nearby. In fact, SEVIN can be used to control 150 different insect pests on 50 different crops, including webworms, midge and armyworms on sorghum. Livestock can pasture forage next to a field treated with SEVIN on the day of application. SEVIN residues do not show up in the milk or meat of livestock.

Start now to grow a bigger, more profitable cotton crop the simpler, safer SEVIN way. See your supplier for SEVIN. Or write for information to Union Carbide Chemicals Company, Division of Union Carbide Corporation, 270 Park Ave., New York 17, N. Y.

Mr. and Mrs. Clarence Heiner

In Formal Wedding

Lucille Jistel Weds Clarence Heiner Sat.

Miss Lucille Jistel of Austin became the bride of Clarence Heiner of Gatesville Saturday morning at St. Monica's Catholic Church.

Miss Jistel is the daughter of Mr. and Mrs. Hubert Jistel of Cameron and the groom is the son of Mr. and Mrs. Jacob Heiner of Gatesville.

The Rev. John Geiser performed the double ring ceremony. Floral decorations of white gladioli and greenery were placed at the altar.

Miss Catherine Mikula of Austin furnished traditional wedding music.

Given in marriage by her father the bride was gowned in a formal wedding gown of white taffeta tulle and imported French lace. The dress featured a fitted bodice which formed a point at the waist with a sabrina neckline edged in scallops and seed pearls. The long sleeves came to a fitted petal point at the wrist. The bouffant skirt featured four lace scalloped panels with points at the hemline over an underskirt of tulle ruffles.

Her fingertip veil of illusion was attached to a pearl crown. She carried a bouquet of feathered carnations centered with a white orchid. Her only jewelry was a cross necklace, a gift of the groom.

Attending the bride as matron of honor was Mrs. Gerald Beach of Temple, sister of the bride. Maid of honor was Miss Mary Heiner of Gatesville. They were dressed in toast lightweight faille dresses with sabrina necklines and gathered skirts with overlay of four petals forming a point at the hemline. They carried colonial bouquets of champaigne carnations.

Bridesmaids were Carolyn Jistel and Barbara Barta, both of Cameron. Gwendolyn Jistel was junior bridesmaid. They were attired in the same costume as that of the matron and maid of honor.

Miss Pamela Heiner of Killeen was flower girl. She wore a white, floor length dress fashioned the same as the bridesmaids. Randy Heiner of Belton was ringbearer.

Gerald Beach of Temple was bestman. Attending as groomsmen were Ernest Bayer, of Cameron, Martin Jistel of Cameron, Harvey Klein of Fredericksburg, LeRoy Heiner of Gatesville. Ushers were Alton Heiner of Killeen and R. G. Foster of Bellville.

The bride's mother chose a beige dress with beige accessories and a white carnation corsage for her daughter's wedding. The groom's mother was attired in a green dress and also wore a white corsage.

A reception was held at Simon-George Memorial Hall following the wedding. Baskets of flowers decorated the reception room.

Odena Ward of Austin registered the guests.The bride's table was covered with a white cloth and held crystal punch service and other crystal appointments. The bride's and bridesmaid's bouquets formed the centerpiece.

Mrs. Johnny Marek of Cameron, sister of the bride, Mrs. Jacob Heiner Jr. of Belton and Miss Betty Gravender of Austin assisted in the houseparty.

For traveling the bride chose a banana colored sheath with white accessories and the corsage from her bridal bouquet.

A dinner and supper was held at Simon - George Hall and a dance honoring the couple was held at Seaton Star Hall that night.

The couple will make their home at 502 W. 17th in Austin. The bride is a graduate of Yoe High School. The groom graduated from Flat High School.

BASEBALL

INDIANS 12 -- YANKEES 11

In little League action last week the Indians eked out a 12 - 11 victory over the Yankees on June 12. Charles Maddox was the winning pitcher for the Indians opposed to Mike Hensley for the Yankees. There was one homerun hit in the game, that being hit by Bobby Dorner for the Indians.

Jeannette Fuchs, James Glaser Exchange Vows In Buckholts

Mrs. James Edward Glaser

The sanctuary of Hope Lutheran Church in Buckholts was the setting for the double - ring candlelight wedding ceremony Sunday evening at 7:30 when Miss Jeannette Elaine Fuchs became the bride of James Edward Glaser. The Rev. J. A. Pietsch, pastor of Hope Lutheran Church in Buckholts, officiated.

The bride is the daughter of Mr. and Mrs. Johnnie Fuchs of Buckholts and the bridegroom is the son of Mr. and Mrs. Willie Glaser of Rt. 2, Rogers.

Traditional nuptial wedding music was provided by Mrs. Arnett Zelisko of Cameron, organist, cousin of the bride, and Max McClaren of Cameron, soloist, former teacher and band instructor of both the bride and the bridegroom. "Because" and "The Lord's Prayer" were sung and "Traumerei" was softly played during the ceremony.

The background for the double-ring ceremony was a white kneeling rail with white satin pillows flanked by two brass baskets of "White Goddess" gladioluses and green foliage and highlighted by two large pyramid nine-tier brass candlebra each holding nine burning white cathedral tapers. The main altar was decorated with two low arrangements of "White Goddess" gladioluses and greenery and an flower arrangement was placed on the organ. The aisle was marked with white satin bows and streamers.

BRIDAL DRESS

The bride, given in marriage by her father, wore a formal gown of French handclipped Chantilly lace over white taffeta and tulle designed with a sabrina neckline of scalloped lace sprinkled with seed pearls and featured three-quarter length scalloped sleeves. Small covered buttons adorned the back of the basque bodice. The bouffant lace skirt was enhanced with a lace overskirt with the princess front apron effect of lace over a pleated tulle ruffle. The scalloped lace hemline overlapped a pleated tulle ruffle rounding into a full chapel sweep train. To complete her ensemble, the bride wore matching tulle mitts.

Her elbow - length bridal veil of silk illusion fell from a matching crown of Chantilly lace featuring leaves edged in seed pearls and crystals. Her only jewelry was a single strand of pearls, a gift of the bridegroom. She carried the handkerchief used by the bridegroom's mother in her wedding.

She carried a cascade bouquet of white feathered carnations entwined with white net, lillies of the valley and centered with a white fushia throated Cattleya orchid corsage.

The bride carried out the traditional something old, new, borrowed, blue and a six - pence in her shoe.

ATTENDANTS

Miss Joyce Fuchs of Temple, cousin of the bride, was maid of honor. Bridesmatron was Mrs. Bonnie Boatmann of Houston, cousin of the bridegroom. Bridesmaids were Miss Betty Kestenbaum of Cameron and Miss Carolyn Fuchs of Bishop, both cousins of the bride.

The attendants wore street-length dresses of blush pink silk organza over taffeta featuring elbow - length sleeves, molded bodices, round necklines, pleated midriffs and full skirts. Their matching pink hats were tiny leaves of silk organza with circular veils. Pink satin pumps and pink wrist length gloves completed their ensembles. Each wore a pearl drop pendant.

The maid of honor carried a cascade bouquet of deep pink carnations entwined with pink net and pink satin leaves and streamers. All the other attendants carried shell pink carnations entwined with pink net and pink satin leaves and streamers.

Miss Janet Fuchs, daughter of Mr. and Mrs. Monroe Fuchs of Cameron, served her cousin as flower girl. She wore a short full-skirted dress of blush pink silk organza over taffeta featuring short sleeves, round neck and tiny midriff which was similar to those of the other attendants. The back was enhanced by a large bow-sash. Her accessories were pink shoes and white wrist - length gloves. She wore a white head piece of lillies of the valley entwined with tiny satin ribbon. She carried a white basket trimmed with white ruffled net and lace containing pink rose petals which she dropped down the aisle. She wore a tiny cross pendant.

GROOMSMEN

Carrol Wayne Glaser of Temple served his brother as best-man. Groomsmen were Jon Carter Zelisko of Cameron, cousin of the bride; Eugene Glaser of Buckholts, cousin to both the bride and bridegroom; and Stanley Glaser of Buckholts, cousin of the bridegroom.

Master Gary Fuchs, son of Mr. and Mrs. Monroe Fuchs of Cameron, served his cousin as ring bearer. He carried a white satin lace - covered, ruffled, pearl trimmed pillow with white satin streamers.

Ushers were Barton Fuchs and Carroll Gene Fuchs of Rogers, Glen Fischer of Rogers, all cousins of the bride; and Kenneth Marek of Austin, cousin of the bridegroom.

Candlelighters were Don Glaser of Buckholts, cousin of both bride and bridegroom and Richard Glaser of Buckholts, cousin of the bridegroom.

Mrs. Fuchs chose a champagne sheath dress which featured a lace bodice and a silk organza skirt. Her matching hat was a shell of flowers, pastel leaves, net and velvet ribbon. Champagne gloves, lace bag, pumps and jewelry completed her ensemble. She wore a light colored orchid.

Mrs. Glaser, was attired in a dress of Dior blue lace. She wore a small blue pill - box hat and shoes and gloves.She wore a white orchid corsage.

B&PW Club Has Officer Installation

Mrs. Kathryn Robinson was hostess for the Business and Professional Women's Club Monday night.

Mrs. Mary Randolph, program chairman, introduced Dr. Jean Smith of Southwest Texas State College in San Marcos. She presided as installing officer for the newly elected officers for the coming year:

President Hazel Williams; vice president, Mrs. Mary Houston; second vice president, Mrs. Florence Markham; recording secretary, Lois Randolph; corresponding secretary, Mrs. Vance Werner and treasurer, Mrs. Loretta Brock.

Miss Ruth Lawrence of Mayberry, West Virginia, is a visitor in the home of Mr. and Mrs. John S. Batte for two weeks. Miss Lawrence and Mr. and Mrs. Batte were classmates at Asbury College, Wilmore, Kentucky.

Fuchs, Glaser Reception

After the ceremony, a reception was held in the brides' home. Large baskets of white galdioluses and greenery were placed at vantage points in the living-room. The mantel featured a large arrangement of gladioluses and greenery.

In the receiving line were Mr. and Mrs. Johnnie Fuchs, parents of the bride, Mr. and Mrs. Willie Glaser, the bride and bridegroom and the brides' attendants.

Special guests were Mr. and Mrs. Fritz Glaser and Mr. J. W. Marek, grandparents of the bridegroom and Mr. E. H. Geistmann, grandfather of the bride. The brides' grandmother, Mrs. E. H. Geistmann was not able to attend because of a lengthy illness.

Miss Latricia Marek of Temple, cousin of the bridegroom, registered the guests in the brides' book placed on a table centered with the brides' bouquet and wedding invitation.

The brides' table, covered with a floor length white net ruffle over pink taffeta was centered with a large silver candelabrum enhanced by a pink satin bow and streamers and holding burning tapers.

The four - tiered, all white wedding cake topped with a bride and groom and decorated with white sugar flowers and leaves and lillies of the valley, was served from a silver tray by Mrs. Calvin Rachui of Rogers and assisted by Miss LaVelle Fischer of Buckholts. At the opposite end of the table, the pink fruit punch was poured from a silver punch service by Mrs. Donald Glaser of Dallas. On the side on a small silver platter were the two crystal toasting goblets entwined with pink satin ribbon and lilies of the valley and served by Miss Joyce Fuchs of Temple. A large arrangement of galdioluses and greenery decorated the buffet.

HOUSEPARTY

Included in the houseparty were Misses Carolyn Von Gonten, Patsy Inge, Becky Beckhuesen, and Judy Beckhuesen all of Buckholts; Miss Janice Fuchs of Bishop, Misses Mary Kestenbaum and Rebecca Fuchs of Cameron; Miss Lavern Schiller of Temple; Miss Barbara Smith of Houston; Mrs. Monroe Fuchs of Cameron and Mrs. Henry Fuchs of Bishop.

Others assisting were Arthur Inge of Buckholts, Alvin Fuchs of Rogers and Arnett Zelisko of Cameron.

Pink net rice bags were distributed at the reception by Janet Fuchs, Gary Fuchs and John Kestenbaum all of Cameron.

The suit the bride chose for a short wedding trip was of silk shantung in a pale shade of green and white featuring a soft jacket and slim skirt. A white hat with veil and white shoes, gloves and bag completed her ensemble. She wore the white fushia-throated orchid corsage from her bridal bouquet.

The bride is a 1962 honor graduate of Temple Junior College and was a past member of the College Band. The bridegroom is a junior in Texas A & M College majoring in Agricultural Economics and is vice - president of the Agricultural Economics Club in A& M.

The bridegrooms' parents, were hosts Friday evening for a rehearsal dinner for the bridal party at Swanky Frankies' Cafe in Buckholts. Arrangements of carnations and greenery in the brides' chosen colors of pink and white decorated the tables. The bride and bridegroom exchanged gifts and presented gifts to members of the wedding party.

The couple will be at home in Buckholts until September when they will make their home in College Station where the bridegroom will continue his studies at Texas A & M College.

Birthday Party For Beth Brady

Beth Brady, daughter of Mr. and Mrs. Charles Brady Jr., was honored on her eighth birthday Sunday at her home.

A Japanese theme was used in the patio party. Brightly colored Japanese lanterns and streamers highlighted the yard. Party favors were parasols and confetti balls. The 25 little girls were served party refreshments.

Family Party At Country Club Here

Cameron Country Club families enjoyed a Family Party at the club Saturday beginning at 5 p. m.

Entertainment for the children included putting contest, swimming for the winners.

The men's putting contest was won by W. C. Wallace whose prize was a fancy golf hat.

The womens' putting contest was won by Mrs. Niley J. Smith, the prize being golf balls.

Family tubs of chicken with all the trimmings were served to each family.

This party was planned by the activities committee with Mr. and Mrs. Alton Fuchs chairmen for this particular event and plans are being made for an all day July 4th outing with golf, swimming, ping pong, and other games.

TINDALL — REESE REUNION

The Tindall - Reese Annual Reunion will be held at Cameron City Park, June 24. Each family is to bring a basket lunch. Bread, plates and cups will be furnished.

TELEPHONE TALK

by C L. Carson, Manager

THANKS FOR YOUR COMMENTS

You will probably remember that a few weeks ago we mailed out post cards to you and all our customers in Cameron. We asked you in the post card what you didn't like about telephone service of our company.

We wern't asking for compliments. We did it to find out what customers had complaints so we could try to remove the cause of their complaints.

Here's how it turned out: We mailed 1,662 cards and 215 were returned with comments. We naturally were pleased that only 55 replies - about 3.3 per cent of the total mailing - were criticisms. Three times as many replies were complimentary.

But let's look at the criticisms. Each of the 55 customers who had a complaint was contacted in a sincere effort to clear up the source of his complaint. About 89 per cent expressed satisfaction.

That's what we consider our most important job -- satisfying our customers, giving you the kind of telephone service you want. And we hope you realize the post card canvass is only one way for you to make your complaints known.

If something's bothering you about your telephone service right now, or in the future, don't hesitate to call us. We'd like to know about it, too.

Frequently, in this column, you have heard me mention that telephone service provided by the Bell System is "nationwide" in scope.

It is nationwide. There are Bell companies in every state. But all telephone companies are not Bell companies by any means. As a matter of fact, one-sixth of the telephones in the United States are operated by some 3,200 neighbor companies. Here in Texas there are 166 telephone companies besides Southwestern Bell.

We do not compete with these companies. We connect with them. Their lines are joined to ours to carry Long Distance messages. Thus, if you are served by a company not a part of the Bell System, you can still be connected with practically any telephone in the United States.

Day by Day teamwork between telephone companies enables practically anyone, anywhere in the country to pick up a telephone and talk to anyone, anywhere else, clearly and quickly. This is a fact of great importance in the interest of furnishing our nation the finest communications system in the world.

Call by number. It's twice as fast.

Western Week Coming . . .

Cameron can look forward to a three - day Western Week celebration this July 5 - 6 - 7.

With Rockdale enjoying the success of a first "Frontier Days,", the fourth annual Cameron Western Week, now much imitated in Central Texas, can look forward to a big turnout.

The heralded Cameron Horse Show is scheduled for two weekends: July 7, the gaited show; and July 14, the quarterhorse show.

Building up to a grand finale of the annual Saddle Club parade, the Queen Contest and the gaited show at Wilson Ledbetter Park, a number of new events have been added.

They include: Pete, the Tramp (a clown - magic act), presentation of a shetland pony, a twist contest for three age groups, a mystery cowboy, a local talent show, Western singing and street dance among others.

Cameron perhaps does not realize how much interest its original concept of a Western Week has had in Central Texas. At least three cities in this area have taken the nod and put their own interpretations into operation: Bryan with a combination Centennial - Western celebration, Rockdale's "Frontier Days", and Hearne's Western Week.

Biggest difficulty is sustaining community momentum in an event of this size each year. Cameron's first Western Week in 1959 came off with a tremendous success and resulting publicity for the town and its Western Week characterizations.

Compacting the event into three days gives it the advantage of continuous action, better interest and entertainment for vistors. To be sure, Rockdalians will be looking to Cameron for a comparison.

This is an historic area and Cameron is amidst the most historic of all Central Texas towns. Western Week re-emphasizes this role of the past and surely shows much value in the present.

Saving By Working . . . .

We say it often; we say it again: Cameron and North Milam prove their tremendous potential when the chips are down.

Best example thus far is the emergency fund drive for the North Milam Red Cross. A Cameron house - to - house drive produced almost $600, business contributions were nearing their $1,350 goal and four out of six reporting communities by Monday had exceeded their individual goals.

This happened with but about two weeks notice during the vacation period of warm June. Saved was the vital blood program and numerous other services rendered, but not often noticed, by the Red Cross in Milam County.

Community workers were still bringing in contributions from six or seven other communities. Jones Prairie, for one, brought in about $40 and the residents of that immediate area had not been initially contacted. Individuals continue to bring in donations though they were not personally contacted. They know the need.

The goal is $3,100; we know that it will be reached. Hundreds of people contacted the some 12,000 North Milam residents.

We are enthusiastic about the future of this area when such spontaneous aid comes in. Many hundreds deserve congratulations. The whole of North Milam was a part of a real success story.

Dateline — Austin

Crime Situation Looks Brighter

By Vern Sanford

AUSTIN —Texas' crime situation looks a little better.

FBI reports covering the first three months of 1962, based on statistics from the 12 largest cities, show major crimes down 6.7 per cent.

Across the U. S. in cities of comparable size, major crime rates rose one per cent.

Texas' crime rate actually is down in number of crimes reported from 1961, despite a population grwth during the year of some 200,000.

OUT OF JOBS

Finding a job in Texas is a little easier these days.

Texas Employment Commission reports April unemployment at 4.3 per cent of the labor force as compared to 5.4 per cent a year ago.

Average factory wages rose from $91.21 a week last year to $96.10 this April. Range was wide, however, depending on the industry.

Leatherwork was the lowest paid, an average of $52.13 a week. Oil workers got the most, an average of $132.07 weekly.

Number of Texans working outside agriculture now has passed the 3,0000,000 mark. Houston had 19,800 unemployed: Dallas 16,000.

Statewide, 375,000 persons are working at agriculture. This makes the total working force 3,629,400.

TOO MANY COLLEGES?

Dr. Ralph Green of the Texas Commission on Higher Education thinks the Legislature should quit creating four - year, state - supported colleges.

He told a House Committee on Saving Taxes that 20 state colleges are about enough.

Legislators have extended state support to four new colleges in the last four years. Biggest of the new ones, the University of Houston, will enter the state system this fall. This will substantially increase the state's higher education bill.

U of H now ranks second in size to the University of Texas.

WATER SUPPLY

Texas enters the summer with its major reservoirs 76 per cent full.

Texas Water Commission reports that May rains couldn't keep up with use and evaporation, so the water supplies shrunk by 291,000 acre feet.

As June opened, supplies were 76 per cent of capacity, compared with 83 per cent a year ago.

LIVESTOCK RULES AMENDED

The Texas Animal Health Commission, after hearing pleas of livestock market operators, relaxed rules designed to speed up the eradication or at least control of brucellosis (undulant fever).

Commissiin action amending the rules came just before they were to go into effect June 15.

Before the change, the rules would have required testing for brucellosis before cattle could be moved from one market to another.

As amended, the rule says the cattle may move from one approved market to another approved market without having to take the test. This was put on a trial basis.

Restriction of movement was opposed by representatives of the big stockyard at San Antonio, Fort Worth and Houston. Auction markets also had an ardent champion present.

James D. Sartwelle, president of Houston's Port City Stockyards, said the economic effort of the proposed rule could be dangerous" particularly so in view of "the predicated downtrend in cattle prices now beginning.

Sartwelle said Texas' cattle inventory includes many so - called "two - way" cattle, entirely dependent on market conditions, which are sold as either stocker or slaughter animals.

Most of these two - way cattle, he said, also are "trader" cattle and loom larger as a volume moving from interior markets, purchaed by a trader and consigned to the terminals for resale. He saw danger to this cattle movement in the proposed regulation.

G. C. Hagelstein of San Antonio's Union Stockyards felt livestock leaving any market should meet the requirements of its destination. But he said he was interested in protecting the industry and didn't believe the regulation did that.

John M. Lewis, general manager of the Fort Worth Stockyards, thought the Commission proposal would "strangle" the price - making terminal markets.

Charles Davis, operator of auction markets at Wichita Falls and Mineral Wells, suggested that animals should be tested when going "to the country" -- but not from market to market.

THE OLD PHILOSOPHER

Dear Editar:

If a man invented an automobile that'd run on water, a rocket ship that'd glide into space without a blast - off, or a device to control the weather, he'd win considerable accalaim, but nothing like the man who invents a new source of tax revenue.

If there's anything this country needs, above everything else, it's some place to get new revenue to run its governments, from town governments to county to state to national. Governments today are like the men who's earning twice as much as he did ten years ago and still lacking half enough to get by on, with the exception that it takes more than an act of Congress to increase his debt limit. To do this, you've got to deal with a banker, and Congress is a much easier mark.

Therefore, without seeking any glory, I've been hunting up new sources of tax revenue and from time to time may mention them all, but right now the best idea I've had is a tax on cats.

I read just last night that it's not unusual for a city of say a million population to have half a million cats.

All right. There you are. I can't explain this, but anybody with a cat a claimed cat, a cat he admits is his, would a heap rather part with $5 than the cat. I've never been able to understand this low estimate of money and high estimate of cats, but it's a fact.

Therefore, if a city with 200,000 cats puts a $5 annual tax on cats it has $2,500,000 in new tax revenue the first year, and no telling how much six months later. Why right there in Cameron there must be at least 1,001 cats, and you can figure up how much tax revenue that'd come to.

I don't know how many cats there are in the United States, I don't guess anybody knows, but there are millions, say 10 million just to be safe. All right. At $5 a car, that's 50 million dollars a year, and that's only the city and town take. As anybody knows, what a local government can tax, the state and Federal governments can too, or vice versa. This a a democratic country, ain't it?

I estimate that if all units of government get in on this new cat tax, the total new revenue will come to around 100 million dollars a year, from now on, because if I know cats, it'll certainly be self-perpetuating. Next week, I'll discuss another new tax source I've figured out. Tell Congress not to adjourn yet.

Yours faithfully,
J. A.

Partners

Alcoan Lambert Skubal and his employer became partners a few years back. He, Alcoa and Central Texas stand to gain from it.

Lambert entered Alcoa's apprentice program to become a journeyman welder. As an apprentice, he has completed 40 units of correspondence courses in everything from blueprint reading to industrial safety. When Lambert completes the program, he will have had some 8,000 hours of on-the-job training.

By then, Lambert will have grown in skill with his chosen occupation, and he'll be eligible to move up to a better position. In return, Alcoa will have gained a skilled craftsman who knows his job and can do it well. Central Texas will gain through an addition to its pool of trained manpower.

Rockdale Works has trained many more like Lambert Skubal in the almost ten years it has been here. One-third of the craftsmen working at the plant have participated in Alcoa's apprentice program. The apprentice graduates have gone into 12 different electrical and mechanical trades, performing jobs and earning pay that wouldn't have been possible without this farsighted training plan.

It has been a rewarding partnership all the way around.

FARM INCOME

Dairying is the largest single source of farm income in the United States, involving about one-fifth of our agricultural economy.

LEGAL NOTICE —

CITATION BY PUBLICATION
THE STATE OF TEXAS

TO ALL PERSONS INTERESTED IN THE ESTATE OF Andora McGill, NCM No. 4982, County Court, Milam County, Texas.

Stafford Gordon, Guardian, in the above numbered and entitled estate, filed on the 13th day of June, 1962 his verified account for final settlement of said estate and requests that said estate be settled and closed, and said applicant be discharged from his trust.

Said application will be heard and acted on by said Court at 10 o'clock A. M. on the first Monday next after the expiration of ten days from date of publication of this citation, the same being the second day of July, 1962, at the County Courthouse in Cameron, Texas.

All persons interested in said estate are hereby cited to appear before said Honorable Court at said above mentioned time and place by filing a written answer contesting such application should they desire to do so.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

GIVEN UNDER MY HAND AND THE SEAL OF SAID COURT at office in Cameron, Texas, this the 13th day of June, A. D. 1962.

Wayne B. Wieser
Clerk of the County Court, Milam County, Texas.
By Leo J. O'Neill, Deputy

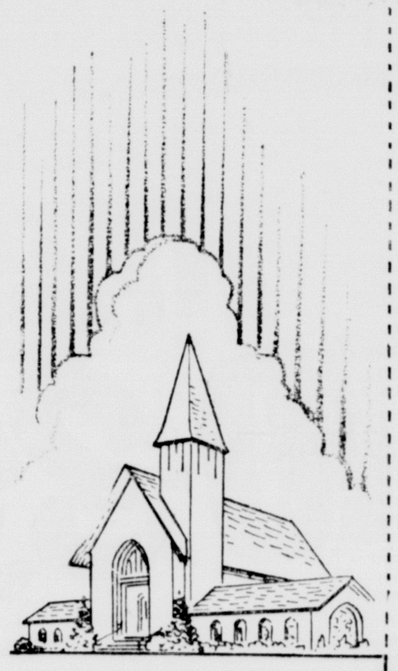
"He looked for a city which hath foundation, whose builder and maker is God." (Hebrews 11:10).



"Other foundation can no man lay than that is laid, which is Jesus Christ"
I Corinthians 3:11

MAP for the ROAD

When travelling to a point to which you have not gone before, you quite naturally refer to the road map. It places you on the right highway and guides through towns, cities, across plains, through valleys, up mountains.

Finally, you reach your destination. How difficult your travelling would have been, and how easily you could have missed the way had you not followed the guide – the road map.

Every human being is travelling toward Eternity. There is need for guidance – "The map for the road." It is readily at hand. It is the Bible, "the pilgrim's staff, the pilot's compass, the Christian's charter." "Read it to be wise; believe it to be safe." Follow it, that it may lead you in the Way of Life Everlasting – to the eternal city "which hath foundations."

Brown Studying In Pastor - Clinic Plan

Milton F. Brown, Jr.

Special To The Herald

AUSTIN — Dr. Sam A. Hoerster, Jr., superintendent of Austin State Hospital, Monday announced that Milton F. Brown, Jr. has begun the summer Clinical Pastoral Training program.

Brown, former Cameron radio and newspaperman, is attending the Episcopal Theological Seminary of the Southwest in Austin.

He attended New Mexico Military Institute and the University of Texas. His parents, Mr. and Mrs. Milton Brown, live in Dallas. He and his wife, Paula, have four children.

The program brings together theological students and clergymen for an intensive 12 - week program in pastoral care. It is designed to acquaint the student with the hospital setting through lectures by the staff during an orientation program.

Medical lectures by staff physicians help students undertsand mental illness while acquainting them with the doctors with whom they will be working during the summer, said Dr. Hoerster.

A pastor trained to work with the mentally ill can render a great contribution to his own community and the hospital system by being able to recognize signs of mental illness which first appear among members of his congregation with whom he has counseled, said Dr. Hoerster. Early recognition of mental illness can lead to early treatment.

Heart of the program is the students' supervised pastor - patient relationships. Through work on the wards, he seeks to gain a deeper understanding of people, their motivations and their difficulties while ministering to their spirtual needs.

Since the program began in 1953, 115 students have taken one or more quarters of training. Most are now serivng parishes in Texas.

Navy Recruiter Replaced Here

Chief Ralph E. Newsom, U. S. Navy Recruiter, has relieved Chief Ira H. Simmons, as Recruiter in charge of Temple Navy Recruiting Station. There are two recruiters assigned to the recruiting station. The Temple station is located at 8 E. Ave A. and is open from 8 a.m. to 5 p. m. Monday through Friday and from 8 a. m. until 1 p. m. Saturday.

The station serves three counties -- Bell, Milam and Robertson. Chief Simmons, who will retire from the Navy on June 15 will have 23 years of Naval service. He will make his home in Temple.

Mrs. Arthur Takes Courses At Denton

DENTON — Courses on teaching brain - injured and mentally retarded children are being given this summer at the Texas Woman's University.

Instructor is Mrs. Elizabeth S. Freidus, teacher of education of the neurologically impaired, Teachers College, Columbia University and supervisor of the special problems program of the Lexington School for the Deaf in New York City. She also is consultant in brain -injury to a number of schools and agencies.

Those enrolled include Mrs. Bill Arthur, Cameron, who is a teacher of special education in the Ben Milam School in Cameron.

Mrs. Arthur holds the bachelor of science degree from TWU.

COWS DECLINE

Since 1950, the number of milk cows in the United States has declined 4½ million, but the milk supply continues at a record rate. The average milk production per cow has increased from 5,314 pounds a year to 7,004 pounds. Total milk production in 1960 was slightly more than 57 billion quarts from 17½ million cows.
